

**South Shore Geographic
Response Plan (SSGRP) Project
Site Selection Meeting**

**April 28, 2011
Time: 9:00 AM to 12:00 PM
Plymouth Town Hall
11 Lincoln Street
Plymouth, MA 02360**

Purpose of Meeting:

This is the second meeting of the SSGRP Work Group. The purpose of this meeting will be to examine the candidate sites and develop additional information about resources at risk at each site. With input from the group, some of the candidate sites may be separated into more than one site and others may be added. This is a key decision that will be made by the Work Group at this meeting. We will also use this meeting to establish a preliminary schedule for site surveys, including identifying vessels available to support the surveys and Work Group members who are interested in surveying particular sites.
