

**Boston Harbor Geographic
Response Plan (BHGRP) Project
Site Selection Meeting**

**May 20, 2010
Time: 10:00 AM to 12:00 PM
Hough’s Neck Maritime Center
137 Bay View Avenue
Quincy, MA 02169**

Purpose of Meeting:

This is the second meeting of the BHGRP Planning Group. The purpose of this meeting will be to examine the candidate sites and develop additional information about resources at risk at each site. Because of the small size of the Boston Harbor region, all priority sites will be selected for surveying to develop GRPs. With input from the group, some of the candidate sites may be separated into more than one site and others may be added. This is a key decision that will be made by the Planning Group at this meeting. We will also use this meeting to establish a preliminary schedule for site surveys, including identifying vessels available to support the surveys and Planning Group members who are interested in surveying particular sites.

Agenda
