

Mount Hope Bay Geographic Response Plan (MHBGRP) Project Site Selection Meeting	June 26, 2012 - 9:00 AM to 12:00 PM Fall River FD Emergency Operations Center 140 Commerce Drive Fall River, Massachusetts, 02720
Purpose of Meeting: This is the second meeting of the MHBGRP Work Group. The purpose of this meeting will be to examine the candidate sites and develop additional information about resources at risk at each site. With input from the group, some of the candidate sites may be separated into more than one site and others may be added. This is a key decision that will be made by the Work Group at this meeting. We will also use this meeting to establish a preliminary schedule for site surveys, including identifying vessels available to support the surveys and Work Group members who are interested in surveying particular sites.
